

Uday Kumar Nemmoju

Angular Developer

+1(203) 507-6017 | uday.k@jobstechmails.com | New Haven, CT

SUMMARY

Detail-oriented and highly skilled Angular Developer with 5+ years of hands-on experience designing, developing, and deploying dynamic and responsive web applications. Proficient in Angular (v8+), TypeScript, JavaScript, REST APIs, and component-based UI development. Adept at working with cross-functional teams, improving application performance, and ensuring seamless user experience. Strong understanding of modern front-end architecture and development workflows.

SKILLS

Front-End Frameworks & Languages: Angular (v2+ to v15), Angular CLI, TypeScript, JavaScript (ES6+), HTML5, CSS3, SCSS, RxJS, Bootstrap, Tailwind CSS, Angular Material

State Management: NgRx, BehaviorSubject, Observables, Services-based state handling

UI/UX & Responsive Design: Responsive Web Design, Flexbox, Grid Layout, Figma, Adobe XD, Material Design Guidelines

API Integration & Backend Interaction: RESTful APIs, JSON, GraphQL, WebSocket, HTTPClientModule

Testing & Debugging: Jasmine, Karma, Protractor, Cypress, Chrome DevTools

Tools & IDEs: Visual Studio Code, WebStorm, Postman, Git, GitHub, GitLab, Bitbucket

Build & Deployment: NPM, Webpack, Jenkins, Docker, Azure DevOps, GitHub Actions

Agile Methodologies: Agile/Scrum, Jira, Confluence, Trello

Version Control & Collaboration: Git, GitHub, Bitbucket, GitLab, Code Reviews, Branching Strategies

Cloud & DevOps Exposure: AWS (S3, CloudFront), Azure (App Services, DevOps Pipelines)

EXPERIENCE

Angular Developer

Tech Data, USA

November 2024 – Present

- Experience in all stages of the SDLC Software Development Life Cycle, involving studying the user requirements, analyzing, designing, implementing, deploying, documenting, and testing of web-based applications.
- Developed responsive web applications using React.js and Bootstrap, resulting in a 20% improvement in user engagement.
- Developed a single-page responsive Web using HTML5, AngularJS, Bootstrap, CSS3, JavaScript, jQuery, React.js.
- Integrated RESTful APIs to fetch and display data on web interfaces, resulting in a 25% reduction in data retrieval time and a 20% improvement in overall application performance.
- Collaborated with back-end developers to ensure seamless integration of front-end components.
- Experience in using MySQL and MS SQL databases to store and retrieve application data, achieving an improvement in database query performance and a 10% decrease in data recovery errors.

Angular Developer

Zyoin Web Pvt. Ltd., Chennai, India

February 2023 – August 2023

- Developed modular and reusable UI components using Angular 14 for scalable applications.
- Integrated real-time data synchronization with backend APIs to enhance user experience.
- Implemented advanced filtering, search functionalities, and dynamic data rendering.
- Designed and enforced role-based access control (RBAC) mechanisms for secure user access.
- Created responsive and accessible UI layouts using Angular Material and Tailwind CSS.
- Conducted user testing sessions and incorporated feedback for UI/UX enhancements.
- Optimized application performance to improve scalability and responsiveness.
- Collaborated closely with backend developers for seamless API integration.
- Debugged and resolved UI/functional issues, ensuring smooth application performance.
- Monitored production deployments and proactively addressed post-release issues.

- Implemented best practices for front-end architecture, improving maintainability.
- Enhanced state management and component communication for efficient data flow.
- Maintained code quality standards and performed peer code reviews.

Angular Developer

Cognizant Technology Solutions, Hyderabad, India

January 2021 – September 2022

- Planned and executed the migration strategy for AngularJS to Angular 12.
- Refactored legacy code to comply with Angular best practices.
- Implemented lazy loading and modular architecture for scalability.
- Resolved compatibility issues between Angular versions and third-party libraries.
- Integrated APIs and tested functionality across all modules.
- Collaborated with QA teams to perform regression and performance testing.
- Provided technical guidance and mentoring to junior developers.
- Designed responsive layouts using Bootstrap for mobile and web.
- Delivered training sessions on Angular 12 for internal teams.
- Developed new UI features to enhance the shopping experience.
- Collaborated with UX designers to implement responsive layouts.
- Built reusable Angular components for faster development.
- Integrated with a Microservices-based backend for efficient data retrieval.
- Designed and implemented responsive design using Bootstrap and Angular Material.

Angular Developer

Sage Softech, India

August 2018 – December 2020

- Incorporated Agile methodology and Kanban for development.
- Enhanced user experience and acquired data using Angular and REST APIs, resulting in a 20% increase in user engagement and data acquisition.
- Developed front-end with Node.js, Express.js, and MySQL, leading to a 30% improvement in system performance and reliability.
- Designed and implemented responsive layouts using Tailwind CSS and Angular Material.
- Managed codebase using GitHub, including branching, merging, and version control, leading to a 20% reduction in code conflicts.
- Integrated Angular front-end applications with MongoDB-backed RESTful APIs, enabling efficient data retrieval and real-time updates for dynamic web interfaces.
- Used jQuery, AJAX, and DOM manipulation to create interactive web applications like message posting and auto-complete form validations.
- Implemented continuous integration with Jenkins and deployment on AWS.
- Coordinated the organization of testing and quality improvement processes using Jira and Confluence, resulting in a 25% reduction in bug occurrence and enhancement of overall product quality.

EDUCATION

MS in Computer Science

December 2024

Sacred Heart University

Bachelor of Technology in Electronics and Communications Engineering

July 2018

Lovely Professional University
